### What's Next?

Ukes for Schools is funded through personal donations and performances by The River City Ukulele Orchestra. Ukuleles become available to Ukes for Schools once we raise enough funds to purchase more instruments.

- Please be patient with us while we work to arrange for more instruments. This application helps to keep you on our radar.

### Options

Some schools decide to purchase their own ukuleles. In that case, the instruments belong to the school. Some schools purchase a few ukuleles but find they need just a few more. Complete this application and we will try to find a few more instruments for you.

- The Strum Shop is available to help with your ukulele education and purchasing decisions. Let us know what you're trying to do and we will point you in the right direction.

### Keep in Touch

We appreciate the efforts of all Ukes for Schools teachers, administrators and volunteers. Let us know if you need assistance with lessons or music.

- Keep in touch if your plans change or you want a program update
